

The Journal of Fisheries and Environment is published by the Faculty of Fisheries, Kasetsart University, Thailand. The Journal publishes peer-reviewed research in English, including original research articles, short communications and reviews. The Journal publishes both national and international research in ASIA from all disciplines within fisheries and aquatic and environmental sciences, including fishery management, fishery biology, fishery products, aquaculture, and marine science. The Journal of Fisheries and Environment is published three times per year (January-April, May-August, September-December). We welcome submissions from researchers worldwide
